

# INVITATION TO PUBLIC CONSULTATION ON **KNOCKODHAR WIND FARM** PROPOSAL

Energy for  
generations

## REG Knockodhar invites you to in-person public exhibitions for its planned Knockodhar Wind Farm.

REG Knockodhar Ltd has been working hard over the past couple of years to develop and refine our proposals for a wind farm and energy storage system on a commercial forestry site south west of Barr in South Ayrshire.

We are now at the stage when we can come back to the local community to tell you about the updated proposals. Wind turbine numbers have been significantly reduced following extensive environmental survey work which included dealing with matters such as peat, noise, landscape and visual impact and water supplies. Whilst our previous round of consultation had to be undertaken online due to the pandemic, we are now able to visit you in person and would like to invite you to join us on one of the dates shown below. If you aren't able to make it along on any of these dates, you'll still be able to find all of the information and make comments on our website [www.knockodhar.co.uk](http://www.knockodhar.co.uk)

### PUBLIC EXHIBITIONS

#### **Barrhill Village Hall**

Monday 7th November 2022, 1.30pm – 7.00pm

#### **Barr Village Hall**

Tuesday 8th November 2022, 1.30pm – 6.30pm
